CHAMPION STUDIOS, keeping in their fine tradition, offer, in this issue, more of the distinguished photography seen by the leading physical culturists of our time. The vivid, husky work of the camera in action, capturing, for the Artist and Student, the truth of movement, coordination, and physical development of the youth of today.

The following pages of these sensational culturists and models, exquisite as they are, are but a small selection of the dynamic photographs available from the cameras and laboratories of CHAMPION STUDIOS.

BIG is published bi-monthly (every other month) by HEALTH KNOWLEDGE, INC., 121 Fifth Ave., New York City 10003. Subscription rates are \$8.00 for 12 issues sent to you in plain wrapper. Ambitious JIM CURTIS continues to develop his superb body structure while working on the east coast as yachtman's mate. When moonlighting, young JIM tinkers with in-board engines. Both jobs have contributed to his outstandingly boyish look and warm, friendly attitudes—things which will assist him in getting ahead in the world. Guess where JIM spends his summers? Sunshine Beach Club in Florida — it's only natural!

A black and white photograph of a young man, Jim Curtis, from a rear three-quarter view. He is standing outdoors, holding a wooden staff or pole with his right hand. He has a very muscular build, with prominent muscles on his back, shoulders, and arms. His hair is dark and styled. The background is slightly out of focus, showing some foliage and a bright sky.

All through summer, JIM CURTIS can be seen at Florida's Sunshine Beach Club where he directs the athletic program for young teens. Standing 5'8" and weighing 150 lbs., young JIM is well-equipped and very well-qualified for teaching fellow nudist youths the FUNDamentals of exhilarating outdoor sports. JIM CURTIS believes that hard competition in games helps develop youths for the responsibilities of manhood.

Champion's latest talent hunt pays-off BIG with BILL PROPER! Excitingly fresh like a tropical breeze, BILL guards the lives of thousands at a groovy northeastern beach. All the money he gets will go for college tuition so that he can continue his majoring in Engineering. BILL's assets are: a groovy in-tune body and warm personality.

CARMEN CACOPARDO does everything in a **BIG** way! At 20, he spends his time working on a road construction gang and studying for an engineering degree. Having developed a superior chest and back, **CARMEN** gives inspiration to his buddies who conscientiously follow him as he leads in barbell exercises.

On hot summer days, **CARMEN** trips to the beaches of South Jersey where he swims and surfs. Exercising on the beach under the tanning rays of the sun, **CARMEN** always attracts a big enthusiastic crowd of physical culturists, artists and ordinary people who want to see some body!

THEM found **PIERRE** working in a pastry shop on the left bank in Paris. At 21, he is already a master baker who specializes in making biscuits and buns! After he finishes at the pastry shop, **PIERRE** goes to his gym where he lifts weights. He also models for an art class for some mad money which he's saving for a trip to America early next year!

Standing 6'1"—all solid in structure—**PIERRE** is a welcome addition to the already fine collection offered by The House of European Models. America eagerly awaits the coming of this fine young specimen.

Photos by **THEM!**

Crossing the Atlantic is an everyday thing for 20 year old **WERNER**. He's in the German merchant marine. A resident of Hamburg, **WERNER** has started developing his physique at a gym near the waterfront.

Now that **WERNER** is weightlifting three times a week, he refrains from whooping it up with his buddies in the beer gardens of Hamburg.

WERNER knows the value of proper rest, good diet and sound sleep. His buddies think him square but **WERNER** doesn't care. He knows that they'll come around to his point of view.

Photos by **THEM!**

HELMUT RIEDMEIER is the greatest! His muscular development is truly exceptional for a 19 year old and that's why he won the "Junior Mr. Germany, 1964" title. Knowing that there are other titles to aim at, HELMUT tones up daily on the exercise rack, lifts weights and watches his diet.

HELMUT also finds his outdoor work beneficial. He delivers groceries to the people of Munich. No wonder business has doubled since HELMUT took command! Photos by THEM.

DIETER is typical among the fine German physique models of this generation. Everyday work-outs on the parallel bars and a conscientious weight-lifting program have given him a power-packed body structure. As a construction worker in suburban Munich, Dieter finds outdoor work beneficial for an in-tune body. He is the trade mark of Jan Eyck of Munich.

Boys will be boys! TAD TREVOR (right) and his buddy BILL FERGUSON (left) rough it up.

Both TAD and BILL are pre-med students. They always work on experiments together — two heads are better than one! These BIG BOYS know that life is not all work.

How much MOORE? There's 5'10" and 160 lbs. of 19 year old TYLAR MOORE — that's how much. This blue-green eyed amateur champion wrestler always gets the best of his many opponents. TYLAR is quick.

TYLAR tells us that his key to success is a fine tuned-in body, an open personality and deep concern for his fellow man!

PAUL MASTROPASQUA is another **BIG** find! Operating and owning a gym in New Jersey, **PAUL** inspires the young body builders who attend his weightlifting sessions. Teaching the young lands all the necessary points on strong body development, **PAUL** also hands out pamphlets on good diets. **PAUL** advises his youngsters to watch what they eat.

PAUL'S warm smile and top physique account for his great popularity.

Have a come - look - see! **ED COCKER**, the **BIG BOY** from **CHAMPION STUDIO**, is blond and blue eyed. That's enough to captivate any physical culturist! Another point in his favor is a solid, groovy body which he developed by lifting weights. A superior track man, **ED** wants to break the four minute mile.

When not studying hard or playing on the field, **ED** shines his collection of track medals which he has won since junior high school.

VIC RENAULT gets more miles per gallon! This brunette hails from the plains of Canada where he works on his family's beef ranch. Standing 5'9" and weighing 145 lbs. VIC RENAULT captivates his audience with long sinewy muscles from head to foot. VIC tells us that he digs people who smile warmly!

CHAMPION presents **BRUCE HUNTER**, a real all-American boy! He's blond and 19. **BRUCE** earns spare mad money modelling for the art department of his college.

During summer vacations, **BRUCE** is seen at the beach where he lifeguards. 162 lbs. of fine physique, **BRUCE** exercises daily. He knows everyone digs a groovy body!

RENE CARL spends his free time mountain climbing in the Tyrolean Alps. RENE passionately loves the heights because he also works as a mountain climbing guide.

RENE with his superb physique and self assurance inspires young novice climbers to try harder and reach the top. He is the first Tyrolean in THEM's thick portfolio.

Rapidly approaching manhood, young VINCE VITALE manages to fill an end position on his high school football team and work after school at a local supermarket. At 16, VINCE is interested in developing his body and personality. Football develops the body.

Swimming, tennis and wrestling are three sports at which VINCE shines. He's truly an all around guy!

VINNIE, a fine young specimen, has learned from his physical culturist father that good sleep habits, proper diet and sufficient rest after long hours of hard play are the ways to continue to be in-shape. A very fortunate young man at 14, VINNIE participates in all sports at his junior high school. VINNIE'S popularity has brought him to the top of his class—he's the president. Hard work both at sports and studies have paid off for VINNIE, a member of Champion's young groovy set!

BUDDY REAGAN swings again! This 17 year old, with his strength and vitality, captains his high school swimming team. **BUD-DY** loves the water whether it be rough-tough surf, spring fed lake or indoor pool. His buddies nicknamed him 'the dolphin' after he won three races at a state tournament.

Standing 5'8" **BUDDY** abounds in self-confidence. His plans for the future include: college, the armed forces and a career in electronics.

One of Champion's most popular models is the inimitable DICK STARK. He's top rate all the way — in track and field — in college studies.

20 year old DICK continues to develop his power-packed body with barbells and medicine balls. He knows that a strong body and mind go hand in hand.

Superbly muscular KERI LONG weighs in at 160 lbs. Early morning calisthenics keep this young man in shape for his rough daily routine.

KERI spends summers working for the State Highway Department. He loves the outdoor work. It provides healthy exercise and a beautiful bronze tan.

Fashion model GREG HUDSON also works as a salesman when not engaged in modelling assignments. His friendly persuasion accounts for his superior sales record.

Car and motor bike racing on weekends is GREG's wild scene. Rounding curves of back country dirt roads on his bike, GREG feels like the mover he is!

A rebel from the south, DANA SUMERS works as a part-time fashion model.

DANA likes to get away from it all in summer. He flies down to Florida's Sunshine Beach Club where he strengthens his rapport with fellow nudists and Mother Nature.

Standing 5'8" and weighing 145 lbs., DANA SUMERS spends his summer days swimming and fishing.

THE BIG VIEW

ED TURNER
by: Champion

Champion delivers ED TURNER unwrapped—just the way he is! At 23, ED is a nine to five junior executive with a blue chip firm. His training in leadership during his hitch in the marines has been a big reason for his success in the business world.

On rainy days, ED can be found in his cellar gym working with barbells and pulleys.

Champion's favorite Texas Longhorn is 19 year old **CLAY MARSHALL**. Completing a hitch in the U. S. Air Force, **CLAY** looks forward to the days when he'll return to the Texas plains and resume his favorite work—cowpunching!

CLAY is an enthusiastic body builder. We want him to continue in every way possible!

JAY HARDY is a struggling young actor, 20 years old, waiting for a big break. When JAY isn't making the rounds for auditions, he's working part-time at a Village coffee house serving pastries and espresso.

After work JAY either plays a scene with actor buddies or hitch hikes uptown to a gym where young swingers hang-out and work-out on the new exercise equipment.

The superior construction of virile JOE CANOLE is due in part to the exercise he got on his first job as a steel rigger. Now directing athletics at a Cleveland boys club, JOE further develops while leading the boys during his most popular class of bodybuilding.

JOE'S enviable hip and thigh development is the reward for regular workouts with the rowing machine. Drawing admiring glances from his friends and the boys at the club, JOE stands proud of his broad chest and body carriage.

KEN PURDY, 21 year old college student, is completing his pre-med studies at a midwest school. On Saturday mornings KEN can be seen working out with his buddies. They row their shell down the swift currents of the Ohio River.

He also spends many hours a week at the college gym where he practices his routines on the parallel bars, rings and horses. After working up a sweat, KEN heads for the showers where the guys horse around!

Photos by Champion.

NORD STOD is an exceptional all-around athlete. He not only participates in all body contact sports but excels in gymnastics and especially on the rings.

Being of Norwegian descent, blond 19 year old NORD follows his ancestors great concern for a strong body. NORD is also an 'A' student at his high school in Wisconsin.

The Americanization of BO BRANDEN is coming full speed ahead! Recently arriving from Europe, young, blond BO attends night school so that he can improve his English. During the day, BO rehearses with an electric rock band preparing to make his debut as a singer at one of New York's swinging discoteques.

Standing 6' and weighing 170 lbs, BO BRANDEN works out at an uptown health club. Wrestling is his favorite sport — BO loves to pin 'em down!

Sparkling eyes and a cheerful, warm disposition . . . hard worker . . . fun lover . . . conscious of the importance of good health . . . always willing to go that extra for a friend . . . soon to become an American citizen — that's BO BRANDEN!

Champion found 18 year old **BRUCE RANDALL** at Florida's Sunshine Beach Club. **BRUCE** is a leading backstroke swimmer and holds a junior title in Florida.

After completing his second year at a junior college, **BRUCE** plans to enroll at a southern university where he'll major in civil engineering.

At Sunshine Beach, **BRUCE** earns his mad money by teaching young nudists the principles of good swimming technique.

DUANE NOLAN hails from the Golden West where he rides the range searching for strays. His long sinewy muscles attest to his love for the great outdoors where he gets plenty of the right kind of healthy exercise.

DUANE'S future plans include settling down on his own ranch, and digging the wide open spaces.

Curly haired EVAN HUGHS is making a career out of the Navy. He has been around the world four times!

His 5'9", 150 lb. structure is the result of a regular program of exercise coupled with good diet habits. EVAN knows that good looks and good feelings are insuperable.

VIC DeMARCO maintains his sturdy physique by developing good eating and sleeping habits. This 18 year old athlete of Italian parentage finds rough-tough fun in all kinds of body contact sports.

18 years of continuous development have given VIC a body structure which he and Champion are extremely proud of. VIC spends long hours studying for a career in medicine.

Champion's west coast talent search has been fruitful! Hats off to LEE GAYNOR, a young high school senior. LEE drives the fans crazy when he carries the ball—it's a sure touchdown!

Noted for his sweeping end runs, LEE also devotes many hours to studying. LEE constantly works out on the barbells to improve his superb abilities on the gridiron.

Champion discovered 21 year old DICK FURRI high upon a telephone poll repairing a broken line. After finishing a hitch in the marines, DICK worked on private yachts as a mate along the Gulf coast.

Taking his vacation in winter, DICK often flies down to Florida's Sunshine Beach Club where he strips under the tanning rays of the sun. Swimming, horseback riding and gymnastics are his favorite activities. DICK FURRI is a welcome addition to Champion's portfolio of young swingers!
